

I am concerned that my local K-LOVE radio station is in danger because of a proposal to expand LPFM stations. PLEASE do NOT allow this to happen! K-LOVE is a wonderful station, which I support financially, that offers encouraging and uplifting music. I can't imagine my day without K-LOVE, and feel that it is vital to my community to have it! Encouraging and uplifting radio stations are what this country needs right now, not more profane music with profane announcers! Please keep K-LOVE on the air, it is light in such a dark world!! Thank You.
